When you place your order to have this coffin delivered to you or your funeral director, we will contact you within 12 hrs (Mon-Fri) to discuss sizes and delivery timescales (normally 2 working days). We might not have the exact coffin you want in the size you need, but we can recommend a suitable alternative.

This particular willow coffins (also known as wicker or basket coffins) has rounded ends and is a naturally dark colour.

Willow is a truly environmentally renewable resource. The willow plant grows up to 8ft in height and can be harvested annually from the same crown for up to 60 years.

Willow basket coffins can look even lovelier with the addition of flowers. Because they are woven it is easy to attach flowers to a willow coffin. As well as the flower arrangement on the top of the coffin often a garland can be attached around the coffin and individual posies too. More information on how to decorate a willow coffin.

A willow coffin is 100% biodegradable, and is suitable for traditional burial, woodland burial, and cremation. It is FFMA tested and certified, and CCSA approved for quality and we can provide certification. They are very strong and tested to bear heavy loads.

Please note

We do not provide the coffin with flowers – these are for illustrative purposes only. The coffin that you receive may not match the colour exactly of the coffin displayed on screen. Willow is a natural material and the colour tone may vary harvest to harvest. Also your computer monitor may have different colour settings to ours.
All our coffins come with a bio-degradable waterproof lining and a second unbleached cosmetic cotton lining
