

## Seagrass coffins

***The Seagrass eco-coffins featured here are available as part a funeral you're arranging with Natural Endings. You can also buy these coffins if you live out of our area for direct delivery to your chosen funeral service provider, or to your home. All coffins featured are appropriate for cremation, traditional burial and woodland burial, and are available in a range of sizes.***

*Woven Seagrass eco-coffins are an attractive light brown and cream colour.*

*These woven seagrass coffins are made from sustainable resources; they are 100% natural and biodegradable. They are woven by hand using yarns of twisted seagrass and finished with cane, top and bottom. The seagrass material used for our coffins is grown in coastal paddy fields and flooded with seawater throughout the year. The fields are carefully managed to promote a continued cycle of growth and renewability.*

**Seagrass coffin round ended**  
£659

**Seagrass coffin traditional shape**  
£659
