Attractive yarns of golden leaf from the banana plant are twisted and woven into two dexterous shapes to form this soft and comforting range. Being the by-product of banana farming, the leaf of the banana plant is in plentiful supply and is readily available for weaving. The leaves would otherwise be disposed of making this natural cycle renewable and good for the local environment.

This particular coffin is in a traditional shape tapering from end to end. It has natural rope handles and is fully fitted with natural linings, pillow and covers.

It is FFMA certified.

Please note

We do not provide the coffin with flowers – these are for illustrative purposes only. The coffin that you receive may not match the colour exactly of the coffin displayed on screen. Banana leaf is natural material and the colour tone may vary harvest to harvest. Also your computer monitor may have different colour settings to ours.
All our coffins come with a bio-degradable waterproof lining and a second unbleached cosmetic cotton lining
