Endings.

When you place your order to have this coffin delivered to you or your funeral director, we will contact you within 12 hrs (Mon-Fri) to discuss sizes and delivery timescales (normally 2 working days). We might not have the exact coffin you want in the size you need, but we can recommend a suitable alternative.

Handcrafted using woven cane and traditional basket making techniques, this cane coffin with rounded ends has an off-white appearance.

Cane is very environmentally friendly due to the fact that it grows rapidly, as much a 6 metres a year. Cane grows in degraded forests and in marginal soil, in areas where other land products cannot grow, for example areas that remain flooded for long lengths of time.

Cane clings to tropical rainforest trees and so actively supports the preservation of trees in the rainforest. It can be introduced artificially in natural forests without disturbing the existing natural eco system. It provides income to some of the poorest people living in and on the fringes of the rainforests.

Please note

We do not provide the coffin with flowers – these are for illustrative purposes only.
Appropriate for cremation and burial
This coffin is FFMA certified for quality, strength and suitability for purpose.
The coffin that you receive may not match the colour exactly of the coffin displayed on screen. Banana leaf is natural material and the colour tone may vary harvest to harvest. Also your computer monitor may have different colour settings to ours.
All our coffins come with a bio-degradable waterproof lining and a second unbleached cosmetic cotton lining
